Page No. 2 to
Supplement No. 59
STB SSTB 302

Except as otherwise specifically provided, rates and charges are hereby increased as follows (See Notes 1 through 4). Determine the rate or charge which would apply, except for this supplement, and then increase the rate or charge so determined as provided in this Supplement.

SECTIONS 1 & 2:

Increase by seven and one-half percent (7.5%)

SECTIONS 3 & 4:

Increase by seven and one-half percent (7.5%)

NOTE 1: To determine rate or charge, multiply the applicable rate or charge by 1.075 respectively.

Fractions of less than ½ cent will be dropped and fractions of ½ cent or more will be increased to the next whole cent.

For rates in dollars, fractions of dollars will be rounded as follows:

Less than .50 will be dropped and .50 or more will be rounded to the next whole dollar.

Where rate or charge is published in dollars and cents, apply the equivalent in cents.

NOTE 2: Rates made by the addition or deduction of arbitraries will be as follows:

Where a through rate for line-haul transportation is made by the addition or deduction of an arbitrary, the addition or deduction of such arbitrary shall be made first before applying the provisions of this Supplement.

NOTE 3: Where a through rate is made by combining two or more factors, each is increased separately under the provisions of this item and the applicable through rate is the total of the combined factors.

NOTE 4: References to Tariffs, Items, Notes, Rules, etc., will be as follows:

Where reference is made in this Supplement to Tariffs, Items, Notes, Rules, etc., it is understood that such reference is continuous and included Supplements to or successive issues such as Items, Notes, Rules, etc.

For explanation of reference marks and abbreviations, see last page.

INSTRUCTIONS FOR USE OF LOOSE LEAF TARIFF:

This Tariff is issued in loose leaf form, and all changes will be made by reprinting the entire page. Reprinted pages will bear the same number as the original pages. These will also show that they are revised pages, and what pages they cancel. For example, "2nd Revised Page 5 cancels 1st Revised Page 5," etc. New pages added to the Tariff will be designated "Original Pages" initially, and numbered with a letter suffix. For example, "Original Page 5A." Revisions of such pages with letter suffixes will be handled the same as described above for pages without letter suffices. Revised pages cancel only pages bearing the same page number, and in no case would "Page 5A cancel Page 5," nor would "Page 5B cancel Page 5A."

CHECK SHEET FOR CORRECTION NUMBERS:

Upon receipt of revised or new pages, a check mark should be placed opposite the correction number corresponding the number shown in the lower left hand corner of the revised page or new page. If correction numbers are checked properly as received, check marks will appear in consecutive order, with no omissions. If check marks indicate that a correction has not been received, a request should be made to the Issuing Officer at once for a copy of the page bearing the missing correction number.

RULES AND CONDITIONS	RULE NO.
<p style="text-align: center;"><u>APPLICATION OF RATES</u></p> <p>A. Except as otherwise provided, this Tariff applies to the transportation of General Commodities in LCL, CL, or Volume quantities over the lines of Carriers which are parties hereto.</p> <p>B. Rates named herein are subject to the special rules and conditions of this Tariff, and to the conditions of Carrier's shipping receipts and Bills of Lading. All charges must be paid in U.S. currency only.</p> <p>C. The Carrier reserves the right, when because of traffic congestion or other causes or conditions beyond the Carrier's control to forward traffic via any route over the lines of Carriers concurring herein.</p> <p>D. Freight will be accepted and handled direct only when, in this Carrier's judgment, the quantity offered is sufficient to justify the expense of the call, and port facilities at destination are adequate.</p> <p>E. When any point or destination (or origin) in Alaska is not provided for in this Tariff with a rate, and such destination (or origin) is between the considered origin and a point to which a rate is published herein, apply on such shipments the rate to (or from) the next more distant point to (or from) which a rate is named over the considered route through the intermediate point.</p> <p>F. To the extent specified, commodity rates named herein are specific and do not apply to analogous articles. The establishment of a commodity rate removes the application of the NOS rate on the same article between the same ports via the same route.</p> <p>G. Packages or containers containing different articles will be charged at the rate applicable to the highest rated article of the combination.</p> <p>H. Articles which have been combined or attached to each other will be charged at the rate applicable to the highest rated article of the combination.</p> <p>I. Where AQ weight or measurement rates are provided in class or commodity items, apply whichever yields the greater revenue to the Carrier.</p> <p>J. Except as otherwise provided, two or more single shipments shall not be combined as one shipment. Each must be carried as a separate shipment and billed as such.</p>	160
<p style="text-align: center;"><u>APPLICATION OF RATES - ESTIMATED FREIGHT CHARGES:</u></p> <p>When requested, Carrier will furnish, either orally or in writing, and estimate of the Tariff charges applicable on any given shipment moving under the provisions of this Tariff. Such estimate will be given on the basis of the effective published Tariff provisions as applied to those facts concerning the shipment which are made known to the Carrier. Estimates of freight charges are furnished as a convenience to the shipping public, and represent nothing more than an approximation of freight charges, which are not binding on either the Carrier or the Shipper. All transportation charges on a shipment will be assessed on the basis of the published Tariff provisions lawfully in effect at the time of shipment, as applied to the commodity shipped and the transportation and related services performed in connection therewith.</p>	190

<p style="text-align: center;"><u>INSURANCE</u></p> <p>Except as otherwise provided, the freight herein includes marine insurance purchased by the Carrier for the benefit of the Shipper of all shipments while waterborne and during loading to and unloading from the carrying vessel, pursuant to policies which may be examined at the Carrier's offices specified in the Tariff applicable to the carriage of the goods. Said policies, to which the Shipper is referred for the exact insurance terms and conditions, coverage is provided against specified risks of physical loss or damage from any external cause, including General Average and salvage charges, but excluding loss or damage arising from delay, deterioration, inherent vice, loss of market, or loss of use.</p> <p>Except as otherwise provided, coverage attaches when the Carrier or its agent receipts for the shipment at the point of origin and ceases ten (10) working days after discharge from the vessel to Carrier controlled terminals at destination. Coverage will also be provided when the customer has arranged for paid storage at Carrier controlled facilities for storage prior to shipment or after expiration of ten (10) working days at destination ports.</p> <p>Northbound Goods are insured at invoice value FOB dock, Seattle, Washington, including advances, if any, plus all freight to port of discharge in Alaska.</p> <p>Southbound Goods are insured at invoice value FOB dock at Alaskan port of loading, including advances, if any, plus all freight to Seattle, Washington.</p> <p>Southbound canned salmon, frozen seafood, and/or other seafood products are insured for market value on the date of loss at points listed in Rule 750, Paragraph I.</p> <p>Coverage is extended to include drayage service provided by the Carrier or its agents to or from ports of loading or discharge in Washington or Alaska.</p> <p>If there be no invoice to the owner of the goods, then coverage is provided at actual cash value, including freight charges, as described above. EXCEPTION: The underwriters shall have the benefit of any provisions in this Tariff stipulating a lower valuation for establishing the Carrier's liability, such as, but not limited to, emigrant moveables, household goods, personal effects, and used mobile homes or modulars. Nevertheless, Underwriters shall be liable for all freight as described above on such property.</p> <p>Used vehicles or equipment shall be valued at actual cash value, plus freight and charges to destination as per Carrier's freight bill. The limit of the Underwriter's liability for loss shall not exceed either (1) the actual cash value of the vehicle or equipment, or if the loss is a part thereof, the actual cash value of such part at the time of loss, or (2) what it would then cost to repair or replace the vehicle or equipment or such part thereof with another of like kind and quality, with deduction for depreciation, plus freight and charges to destination as per Carrier's freight bill.</p> <p>ADAK :</p> <p>Rates to or from Adak, Alaska, include marine insurance in accordance with this Rule, except that the charge for premium shall be determined by multiplying the total freight charge, including advances and accessorial charges, times 8%. (See Item 4210)</p> <p>All shipments shall be subject to deductible of 10% of the ocean charges and advances, if any, subject to a minimum deductible of \$100.00 and a maximum deductible of \$10,000.00 per shipment.</p>	<p style="text-align: center;">575</p>

<u>RECONSIGNMENT OR DIVERSION</u>	820	
<p>A request for the reconsignment or diversion of a shipment to effect a change in the name or address of a Consignor or Consignee, a change in the destination or place of delivery, or a change of billing where necessary to effect delivery, will be accepted subject to the following provisions:</p>		
<p>A. <u>CONDITIONS</u></p>		
<ol style="list-style-type: none"> 1. Request for reconsignment or diversion must be made or confirmed in writing, and the Carrier must be satisfied that the party making the request has the authority to do so. Conditional or qualified requests for reconsignment or diversion will not be accepted. 2. A shipment which has been tendered for delivery may not thereafter be reconsigned or diverted, but may be reshipped. A shipment may not be reconsigned, diverted, or reshipped in violation of an embargo. 3. Only entire shipments (not portions of shipments) may be reconsigned or diverted. See Exception 1 below. 4. Carriers will make diligent efforts to execute valid reconsignment or diversion orders, but will not be responsible if, despite such efforts, reconsignment or diversion is not effected. 		
<p>Exception 1: Portions of a shipment may be diverted or reconsigned if the portion diverted or reconsigned consists of one or more full loads having no other freight loaded to the same equipment.</p>		
<p>B. <u>CHARGES</u></p>		
<ol style="list-style-type: none"> 1. <u>Diversion or reconsignment effected prior to departure of shipment from Carrier's origin terminal:</u> A charge of three hundred thirty-five (335) cents per 100 pounds, subject to a minimum charge of \$75.00 per shipment, will be made if reconsignment or diversion is accomplished by delivering shipment to Shipper's place of business at origin, or by relinquishing shipment to Shipper or another carrier designated by Shipper. 2. <u>Diversion or reconsignment effected after departure of shipment from Carrier's origin terminal:</u> A charge of \$75.00 per shipment, in addition to all other applicable charges, will be made for reconsignment or diversion after shipment has departed from Carrier's origin terminal. The line-haul rate from point of origin to final destination will be applied if reconsignment or diversion is effected at a point directly intermediate between the point of origin and final destination; otherwise, the sum of the line-haul rates to and from the point of reconsignment or diversion will be applied.

<u>SHIPMENTS TENDERED AS CONTAINERLOADS</u>		883
<p>A. Except as otherwise provided, to the extent available, containers (including shipping platforms) will be furnished to Shippers at Carrier's terminal for loading goods; the nature, density and dimensions of which are, in the judgment of the Carrier, suitable for containerization or loading to a shipping platform, or containers or platforms will be provided placement service to the Shipper's place of business for loading. Containers loaded by Shippers will be known as Shipper Load and Count (SL&C). Carrier reserves the right to load additional cargo into containers or on shipping platforms not loaded to full capacity. Containers must be emptied by Consignee at destination.</p> <p>B. Shipper Load and Count containers and shipping platforms will be rated at containerload rates (CL), subject to minimum weights and charges noted herein.</p> <p>C. Except as otherwise provided, containerload minimum weights named in this tariff refer to 20 foot containers or shipping platforms as described in Rule 470. When other than 20 foot units are loaded, containerload minimum weights shall be those shown in Rule 885 of this Tariff.</p> <p>D. At Seattle, when shipments are loaded to single containers or platforms at Carrier's facility to full visible or legal capacity with shipments to one Consignee, the shipment will be charged for at applicable containerload minimums and rate, plus transfer charges per Rule 959.</p> <p>E. Overflow: When a Shipper desires to load freight in excess of the quantity that can be loaded to one container or platform, each container loaded, except the last or overflow container, shall be charged for on the actual weight of the contents, but not less than the containerload (CL) minimum weight applicable to the shipment. Except when the last or overflow container is filled to legal or visible capacity (a container shall be deemed fully loaded when it is loaded to eighty (80%) percent of its usable floor or loading space, or when no more of the shipment in the shipping form tendered can be loaded in or on the container, consistent with safety, precaution against damage, or direction of the Shipper), or meets a container minimum less than the first container's minimum, then the last, or overflow container, shall be charged for on the actual weight of the contents and at the containerload (CL) rate applicable to the shipment. Overflow provision do not apply, on southbound shipments. Overflow containers must be booked as overflow and the bill of lading must be so noted.</p> <p>F. When a Shipper loads to Carrier's equipment, the Carrier will not be directly or indirectly responsible for damages resulting from: (1) improper loading or mixing of articles in containers; (2) Shipper's use of unsuitable or inadequate dunnage when loading; (3) improper securing, blocking, strapping, or protective covering; or (4) any discrepancy in count or concealed damage to articles.</p> <p>G. When a shipment contains freight of such nature that it will not fit in or on a container or platform, and the shipment otherwise meets containerload minimum weights named herein, the containerload rate provided will be charged subject to availability of suitable space on Carrier's vessel, and provided prior booking arrangements have been made.</p> <p>H. Van Averaging: When two or more containers are shipped by one Consignor, loaded with freight named in one commodity or class rate, on one Bill of Lading, to one Consignee at one destination, the minimum containerload weight minimum requirements may be met by dividing total weight by the number of containers shipped. Van averaging provisions do not apply on southbound shipments.</p> <p>I. When a Shipper or his agent requests placement of Carrier's container for Shipper Load and Count, and the container is not utilized, or canceled after such spot has been made, the Shipper is liable for the full prior for the truck placement.</p> <p>J. A container shall be deemed fully loaded when it is loaded to eighty (80%) percent of its usable floor or loading space, or when no more of the shipment in the shipping form tendered can be loaded in or on the container, consistent with safety, precaution against damage, or direction of the Shipper.</p>

	Item No.
<p>VEHICLES, as described below: (Continued)</p> <p>NOTE 2: In addition to charge per square foot, units exceeding 30,000 pounds each shall be assessed (D) 1051 cents per CWT on the weight of each unit in excess of 30,000 pounds.</p> <p>NOTE 3: New units and used units may contain only original factory installed furniture and/or appliances. All other material or freight must be shipped separate and will be rated per the applicable rate items in this Tariff.</p> <p>NOTE 4: New or used units exceeding 14' in width and/or 72' in length, will be rated at the applicable square foot rate, plus Note 2, if applicable, plus 10%.</p> <p>NOTE 5: Units without wheels:</p> <p>A. The cost of shifting units without wheels to or from the vessel's hook is the responsibility of the unit's owner as directed by the Carrier. In Seattle, the owner may supply his own wheels, or Carrier will arrange for wheels and advance the costs thereof against the shipment.</p> <p>B. At destination ports, all arrangements for wheels must be made by the unit's owner. Owner must remove units immediately upon discharge from the vessel. Delay or standby time will be charged for at (D) \$712.00 per hour or fraction thereof.</p> <p>C. "Crib" designed pedestal stands must be constructed of 2" x 4" lumber. Plywood stands must not be used. Carrier will transport stands for each unit at no charge.</p> <p>NOTE 6: All units must be prepaid, except that credit may be extended for a period of seven (7) days, provided arrangements for such credit have been made in advance, in writing, and such arrangements have been confirmed by the Carrier in writing. Bookings must be accompanied with a nonrefundable cash deposit representing 50% of the freight charge for each unit booked.</p> <p>NOTE 7: The square footage of each unit shall be determined by measuring the overall width (including eaves) and the overall length (including eaves and the towing hitch).</p> <p>NOTE 8: Rates do not include wharfage in Alaska.</p> <p>NOTE 9: Units received with plastic covered outside walls will not be accepted unless openings are securely covered first with plywood or similar substantial material. The Carrier will accept house trailers and moduls for shipment only after the following special protection has been performed on each unit.</p> <p>A. Plywood shields placed over all windows; B. 2 x 4 stringers attached along the length of the roof line; C. 2 x 4 stringers nailed to ends of shingle roofs; D. Undercarriage of unit reinforced with steel cross members.</p> <p>The Carrier will not be responsible for interior or water damage caused by ocean transport or insufficient packaging.</p> <p>NOTE 10: Rates apply between Samson Marine Freightways' Seattle and Alaska terminals only.</p> <p>NOTE 11: The Consignee has 48 hours after time of discharge in which to take possession of the described freight. After that period, Carrier will not be liable for any loss or damage not directly caused by Carrier.</p> <p>NOTE 12: Used units will be transported provided the Shipper signs a release valuation on the bill of lading not to exceed ten cents (10¢) per pound.</p>	2350
