INCREASE IN RATES AND CHARGES

Rates and Charges in this Tariff are hereby increased as provided for in this Supplement.

All provisions of this Supplement expires with December 10, 2024 unless earlier cancelled, changed or amended.

Form of publication authorized under 49 CFR 1312.17 (j).

For explanation of reference marks and abbreviations, see last page.

DATE ISSUED: November 29, 2023 ***EFFECTIVE DATE: December 10, 2023***

Issued By: Jerry Morgan, Tariff Publishing Officer
6361 1st Avenue South
Seattle, WA 98108

Except as otherwise specifically provided, rates and charges are hereby increased as follows (See Notes 1 through 4). Determine the rate or charge which would apply, except for this supplement, and then increase the rate or charge so determined as provided in this Supplement.

SECTIONS 1 & 2:
Increase by seven and one-half percent (7.5%)

SECTIONS 3 & 4:
Increase by seven and one-half percent (7.5%)

NOTE 1: To determine rate or charge, multiply the applicable rate or charge by 1.075 respectively.

Fractions of less then ½ cent will be dropped and fractions of ½ cent or more will be increased to the next whole cent.

For rates in dollars, fractions of dollars will be rounded as follows:

Less then .50 will be dropped and .50 or more will be rounded to the next whole dollar.

Where rate or charge is published in dollars and cents, apply the equivalent in cents.

NOTE 2: Rates made by the addition or deduction of arbitraries will be as follows:

Where a through rate for line-haul transportation is made by the addition or deduction of an arbitrary, the addition or deduction of such arbitrary shall be made first before applying the provisions of this Supplement.

NOTE 3: Where a through rate is made by combining two or more factors, each is increased separately under the provisions of this item and the applicable through rate is the total of the combined factors.

NOTE 4: References to Tariffs, Items, Notes, Rules, etc., will be as follows:

Where reference is made in this Supplement to Tariffs, Items, Notes, Rules, etc., it is understood that such reference is continuous and included Supplements to or successive issues such as Items, Notes, Rules, etc.

INSTRUCTIONS FOR USE OF LOOSE LEAF TARIFF:

This Tariff is issued in loose leaf form, and all changes will be made by reprinting the entire page. Reprinted pages will bear the same number as the original pages. These will also show that they are revised pages, and what pages they cancel. For example, "2nd Revised Page 5 cancels 1st Revised Page 5," etc. New pages added to the Tariff will be designated "Original Pages" initially, and numbered with a letter suffix. For example, "Original Page 5A." Revisions of such pages with letter suffixes will be handled the same as described above for pages without letter suffices. Revised pages cancel only pages bearing the same page number, and in no case would "Page 5A cancel Page 5," nor would "Page 5B cancel Page 5A."

CHECK SHEET FOR CORRECTION NUMBERS:

Upon receipt of revised or new pages, a check mark should be placed opposite the correction number corresponding the number shown in the lower left hand corner of the revised page or new page. If correction numbers are checked properly as received, check marks will appear in consecutive order, with no omissions. If check marks indicate that a correction has not been received, a request should be made to the Issuing Officer at once for a copy of the page bearing the missing correction number.

GOVERNING PUBLICATIONS This Tariff is governed, except as otherwise provided herein, by the following publications, including supplements thereto or subsequent reissue thereof: 1. National Motor Freight Classification (X) STB NMF 100-AC Series, Issuing Officer. 2. Bureau of Explosives Tariff No. BOE-6000, Thomas A. Phemister, Agent.	100
DEFINITION OF TECHNICAL TERMS All terms defined in the Bills of Lading published in this Tariff shall have the same meaning when used in this Tariff, unless otherwise provided in this Tariff. CARRIER: The word "Carrier shall include Samson Tug and Barge Company, Inc., Common Carrier Division, the Vessel as defined herein and her owners, operators, and demise charterers, and any substituted Carrier, and also any time charterer or person to the extent bound by the Bill of Lading, whether acting as Carrier or Bailee. CHARGES: The word "charges" shall include freight and all General Average, salvage, special charges, expenses, amounts and money obligations whatsoever payable by or chargeable to or for account of the goods or Shipper, regardless of whether sustained, incurred, or paid by Carrier in the first instance. CONTAINER: The term "container" and/or shipping platform shall be understood as meaning company owned equipment conforming to the specifications in Rule 470. CONTAINERLOAD: The term "containerload" (CL) shall be understood as meaning a shipment moving under Shipper's load and count, and under a rate subject to minimum containerload weight, or a shipment subject to a flat charge per container. CONTAINER FREIGHT: The term "container freight" shall be understood as meaning articles which are to be carried, are being carried, or have been carried in Carrier's containers or platforms. DELIVERY: The term "delivery" as used in this Tariff shall mean the service of the Carrier in delivering freight to dock, platform, or doorway, directly accessible to the truck at Consignee's residence, warehouse, factory, store, or similar place of business, and includes transportation from Carrier's freight depot thereto. GROSS WEIGHTS AND MEASUREMENTS: All freight rates and other charges shall be based on the actual gross weight and/or actual overall measurement of each piece, package, or other freight unit, except as otherwise provided. HANDLING: The term "handling" shall be understood as meaning the charge for physically moving cargo from the point of receipt at the loading dock to vessel's side, or from vessel's side to a point of final rest at the discharge dock. Rule 100 concluded on following page.	110 Cont.

DEFINITION OF TECHNICAL TERMS (Continued)

HOLIDAYS: The term "holidays" shall be understood as meaning any full day designated by statute or proclamation as a National Holiday, and shall also include such days designated as "holidays" in this Tariff, or by applicable collective bargaining agreement.

NATIONAL HOLIDAYS

New Year's Day	Labor Day
President's Day	Thanksgiving Day
Memorial Day	Christmas Day
Independence Day	

LESS THAN TRUCKLOAD: Wherever the terms "less than truckload" or "LTL" appear in a governing classification, same will be interpreted to mean "less than containerload" or "LCL" in the application of the Tariff.

MINIMUM WEIGHT: The term "minimum weight" shall be understood as meaning the weight in pounds as specified in individual rate items.

MIXED SHIPMENT: The term "mixed shipment" shall be understood as meaning a shipment consisting of articles described in and rated under two or more rate items in this Tariff.

PACKAGE: The word "package" shall include any piece, shipping unit, machine, or article of any description, whether or not enclosed or boxed in whole or in part, provided, however, that in the case of goods carried in containers or on shipping platforms, the word "package" shall mean the container or shipping platform.

PLACEMENT: The term "placement" as used in this tariff means the service of spotting Carrier's container(s) at one point of origin and one point of destination for loading by Consignor and unloading by Consignee.

Placement does not include service during overtime hours, split delivery, split pick up, pilot cars extra labor, crating or uncrating, permits, or placement for overwidth or overweight cargo.

SHIPPER LOAD AND COUNT: The term "Shipper Load and Count" shall be understood as meaning cargo covered by the Bill of Lading published in this Tariff which has been packaged (unitized or containerized) by the Shipper, and the Shipper has arranged for the Consignee and/or the receiver to take delivery of the shipment in the same packages as received by the Carrier from the Shipper.

SHIPPING PLATFORMS: The term "shipping platform" as used in this Tariff is defined as an open steel platform.

TRUCKLOAD: Wherever the term "truckload" (TL) appears in the governing classification, same will be interpreted to mean "containerload" or "CL" in the application of this Tariff.

VESSEL: The word "vessel" shall include the barge named in the Bill of Lading or freight bill, its towing tug or tugs, any substitute vessels, and any craft, lighter, towboat, or other vessel used in the performance of the voyage.

WHARFAGE: The term "wharfage" shall be understood as meaning the charge assessed against all cargo conveyed on, over, or through the loading and unloading docks.

RULES AND CONDITIONS	RULE NO.
APPLICATION OF RATES A. Except as otherwise provided, this Tariff applies to the transportation of General Commodities in LCL, CL, or Volume quantities over the lines of Carriers which are parties hereto. B. Rates named herein are subject to the special rules and conditions of this Tariff, and to the conditions of Carrier's shipping receipts and Bills of Lading. All charges must be paid in U.S. currency only. C. The Carrier reserves the right, when because of traffic congestion or other causes or conditions beyond the Carrier's control to forward traffic via any route over the lines of Carriers concurring herein. D. Freight will be accepted and handled direct only when, in this Carrier's judgment, the quantity offered is sufficient to justify the expense of the call, and port facilities at destination are adequate. E. When any point or destination (or origin) in Alaska is not provided for in this Tariff with a rate, and such destination (or origin) is between the considered origin and a point to which a rate is published herein, apply on such shipments the rate to (or from) the next more distant point to (or from) which a rate is named over the considered route through the intermediate point. F. To the extent specified, commodity rates named herein are specific and do not apply to analogous articles, The establishment of a commodity rate removes the application of the NOS rate on the same article between the same ports via the same route. G. Packages or containers containing different articles will be charged at the rate applicable to the highest rated article of the combination. H. Articles which have been combined or attached to each other will be charged at the rate applicable to the highest rated article of the combination. I. Where AQ weight or measurement rates are provided in class or commodity items, apply whichever yields the greater revenue to the Carrier. J. Except as otherwise provided, two or more single shipments shall not be combined as one shipment. Each must be carried as a separate shipment and billed as such.	160
APPLICATION OF RATES - ESTIMATED FREIGHT CHARGES: When requested, Carrier will furnish, either orally or in writing, and estimate of the Tariff charges applicable on any given shipment moving under the provisions of this Tariff. Such estimate will be given on the basis of the effective published Tariff provisions as applied to those facts concerning the shipment which are made known to the Carrier. Estimates of freight charges are furnished as a convenience to the shipping public, and represent nothing more than an approximation of freight charges, which are not binding on either the Carrier or the Shipper. All transportation charges on a shipment will be assessed on the basis of the published Tariff provisions lawfully in effect at the time of shipment, as applied to the commodity shipped and the transportation and related services performed in connection therewith.	190

APPLICATION OF FUEL RELATED SURCHARGES — 345

Except as otherwise specifically provided, rates and charges in Sections 1, 2, 3 & 4 are hereby increased as follows (See NOTES 1 through 6).

NOTE 1: Increases published in this supplement will also apply to rates and charges issued subsequent to this supplement, made subject to this supplement, effective on date provided herein.

NOTE 2: To determine a rate or charge increased under the Provisions of this Supplement, first determine the applicable rate or charge, then increase that rate or charge by the applicable rate or charge by the following:

Section 1 and 2 - Cordova, Valdez, Seward Rate Basis - (D) twenty-two and one-half percent (D) (19.5%)
Section 1 and 2 - Kodiak Rate Basis - twenty-three and one-half percent (23.5%)
Section 3 and 4 - Kodiak Island, Dutch Harbor, King Cove and Adak Rate Basis- twenty-three and one-half percent (23.5%)

To arrive at such increased rate or charge, multiply rate or charge by applicable increase,i.e. (D) 1.195 or 1.235 respectively. Fractions of less than ½ cent will be dropped. Fractions of ½ cent or more will be increased to the next whole cent.

NOTE 3: Where the rate or charge is published in dollars and cents, apply the equivalent in cents.

NOTE 4: Rates made by the addition or the deduction of arbitraries will be as follows:

Where a through rate for line-haul transportation is made by the addition of an arbitrary, the addition of such arbitrary shall be made first before applying the provisions of this supplement.

NOTE 5: Where a through rate is made by combining two or more factors, each is increased separately under the provision of this Item, and the applicable through rate is the total of the combined factors.

NOTE 6: Reference to Tariffs, Items, Notes, Rules, etc., will be as follows:

Where reference is made in this Supplement to Tariffs, Items, Notes, Rules, etc., it is understood that such reference is continuous and includes Supplements to or successive issues of such Tariffs and subsequent issues of such Items, Notes, Rules, etc.

HEAVY WEIGHT CHARGES	568

Rates named in this Tariff apply only on single pieces or packages weighing less than 45,000 pounds each. Except as otherwise provided, single pieces or packages weighing 45,000 pounds or more will take the class or commodity rates shown herein, plus the following additional charge per 100 pounds on the total weight of the shipment, to cover the extra cost of handling, and will be subject to Carrier's option of acceptance.

NORTHBOUND: (I) $5.28 SOUTHBOUND: (I) $4.47

NOTE 1: Each single piece or package weighing 4,000 pounds or more must have its actual gross weight clearly and indelibly marked thereon.

NOTE 2: Not applicable to tare weight of Carrier's equipment.

Provisions herein, if effective, will not result in an effect on the quality of the human environment.

RULES AND CONDITIONS	RULE NO.
INSURANCE Except as otherwise provided, the freight herein includes marine insurance purchased by the Carrier for the benefit of the Shipper of all shipments while waterborne and during loading to and unloading from the carrying vessel, pursuant to policies which may be examined at the Carrier's offices specified in the Tariff applicable to the carriage of the goods. Said policies, to which the Shipper is referred for the exact insurance terms and conditions, coverage is provided against specified risks of physical loss or damage from any external cause, including General Average and salvage charges, but excluding loss or damage arising from delay, deterioration, inherent vice, loss of market, or loss of use. Except as otherwise provided, coverage attaches when the Carrier or its agent receipts for the shipment at the point of origin and ceases ten (10) working days after discharge from the vessel to Carrier controlled terminals at destination. Coverage will also be provided when the customer has arranged for paid storage at Carrier controlled facilities for storage prior to shipment or after expiration of ten (10) working days at destination ports. Northbound Goods are insured at invoice value FOB dock, Seattle, Washington, including advances, if any, plus all freight to port of discharge in Alaska. Southbound Goods are insured at invoice value FOB dock at Alaskan port of loading, including advances, if any, plus all freight to Seattle, Washington. Southbound canned salmon, frozen seafood, and/or other seafood products are insured for market value on the date of loss at points listed in Rule 750, Paragraph I. Coverage is extended to include drayage service provided by the Carrier or its agents to or from ports of loading or discharge in Washington or Alaska. If there be no invoice to the owner of the goods, then coverage is provided at actual cash value, including freight charges, as described above. EXCEPTION: The underwriters shall have the benefit of any provisions in this Tariff stipulating a lower valuation for establishing the Carrier's liability, such as, but not limited to, emigrant moveables, household goods, personal effects, and used mobile homes or modulars. Nevertheless, Underwriters shall be liable for all freight as described above on such property. Used vehicles or equipment shall be valued at actual cash value, plus freight and charges to destination as per Carrier's freight bill. The limit of the Underwriter's liability for loss shall not exceed either (1) the actual cash value of the vehicle or equipment, or if the loss is a part thereof, the actual cash value of such part at the time of loss, or (2) what it would then cost to repair or replace the vehicle or equipment or such part thereof with another of like kind and quality, with deduction for depreciation, plus freight and charges to destination as per Carrier's freight bill. ADAK : Rates to or from Adak, Alaska, include marine insurance in accordance with this Rule, except that the charge for premium shall be determined by multiplying the total freight charge, including advances and accessorial charges, times 8%. (See Item 4210) All shipments shall be subject to deductible of 10% of the ocean charges and advances, if any, subject to a minimum deductible of $100.00 and a maximum deductible of $10,000.00 per shipment.	575

RESTRICTED ARTICLES This Tariff is subject to the provisions of the Bureau of Explosives Tariff No. ICC BOE 6000-B, covering the handling and transportation of explosives and other dangerous and hazardous materials, subject to regulation by the Department of Transportation. Dangerous explosives, inflammables, or hazardous goods will be accepted for transportation only after prior booking arrangements have been made with Carrier, which reserves the right to refuse to accept or to transport any goods which, in the Carrier's judgment, are objectionable or likely to injure the vessel, docks, or other cargo, or for which, in Carrier's judgment, has no safe and/or suitable stowage. All accepted shipments will be subject to the following requirements: A. Certifications, as required by law, are properly annotated on the Bill of Lading, Shipping Order, or receipt where Carrier originates the shipment under the provisions of this Tariff. B. An annotation on the "Transfer Shipping Paper" (as defined in 49 CFR 100-199) where shipment is tendered to Carrier by interline or connecting carriers. (See Note 2) C. Shipper must attest on Bill of Lading that shipment contains no mix of non-compatible hazardous materials, and no hazardous waste as so named by the Federal Resource Conservation and Recovery Act (RCRA) or the Toxic Substances Control Act (TSCA), or so listed in the Code of Federal Register, Tile 49 (CFR 49 DOT) Parts 100-177, or so named by the Alaska, Washington, or Federal Environmental Protection Agencies. Shipments not so attested will not be handled. NOTE 1: Where the shipment has been accepted by Carrier for transportation and subsequently an error is found in the required certification, packaging or labeling, and/or other lawful requirements, all damages or penalties actual and consequential shall be for the account of the party required to provide such certification, packaging or labeling, or other lawful requirement. NOTE 2: Where transfer shipping papers makes specific references to "Certification Annotated on Original Bill of Lading," such will be accepted in lieu of duplication of certificate on transfer shipping paper.	800

RECONSIGNMENT OR DIVERSION	820

A request for the reconsignment or diversion of a shipment to effect a change in the name or address of a Consignor or Consignee, a change in the destination or place of delivery, or a change of billing where necessary to effect delivery, will be accepted subject to the following provisions:

A. CONDITIONS

1. Request for reconsignment or diversion must be made or confirmed in writing, and the Carrier must be satisfied that the party making the request has the authority to do so. Conditional or qualified requests for reconsignment or diversion will not be accepted.

2. A shipment which has been tendered for delivery may not thereafter be reconsigned or diverted, but may be reshipped. A shipment may not be reconsigned, diverted, or reshipped in violation of an embargo.

3. Only entire shipments (not portions of shipments) may be reconsigned or diverted. See Exception 1 below.

4. Carriers will make diligent efforts to execute valid reconsignment or diversion orders, but will not be responsible if, despite such efforts, reconsignment or diversion is not effected.

Exception 1: Portions of a shipment may be diverted or reconsigned if the portion diverted or reconsigned consists of one or more full loads having no other freight loaded to the same equipment.

B. CHARGES

1. Diversion or reconsignment effected prior to departure of shipment from Carrier's origin terminal:

A charge of three hundred thirty-five (335) cents per 100 pounds, subject to a minimum charge of $75.00 per shipment, will be made if reconsignment or diversion is accomplished by delivering shipment to Shipper's place of business at origin, or by relinquishing shipment to Shipper or another carrier designated by Shipper.

2. Diversion or reconsignment effected after departure of shipment from Carrier's origin terminal:

A charge of $75.00 per shipment, in addition to all other applicable charges, will be made for reconsignment or diversion after shipment has departed from Carrier's origin terminal. The line-haul rate from point of origin to final destination will be applied if reconsignment or diversion is effected at a point directly intermediate between the point of origin and final destination; otherwise, the sum of the line-haul rates to and from the point of reconsignment or diversion will be applied.

SERVICE The Carrier does not agree to transport freight by one particular vessel or within any specified time, and except as otherwise provided herein, the rates named herein are applicable only when the Carrier has a suitable vessel sailing to or from the ports to and from which rates are named. If at any time, after having made reasonable effort, the Carrier is unable to make delivery of a shipment owing to adverse weather conditions, acts of God, strikes, riots, acts of public authority, perils of the sea, quarantine, the public enemy, or the act of default of the Shipper/owner, the obligations imposed upon the Carrier by the terms of this Tariff shall be considered fulfilled and delivery accomplished, and the charges due at rates named herein shall be considered earned, after which the Carrier shall have the privilege of delivering shipments to the nearest accessible port, returning goods to port of shipment, or making delivery on a subsequent voyage, and collect at Tariff rates for such additional service.	865
STANDBY CHARGES, TOWING VESSEL The water transportation portion to be furnished by the Carrier will be an unmanned barge towed by a towing vessel. When the Carrier agrees with the Shipper or Consignee to standby, such standby for the tug and barge shall be charged for at $750.00 per hour, and will be substantiated by a copy of the vessel's log. In the event more than one Shipper or Consignee is subject to standby on a single barge, then standby will be prorated based on the total number of lifts on or off the barge for each customer at each port.	870

SHIPMENTS TENDERED AS CONTAINERLOADS	883

A. Except as otherwise provided, to the extent available, containers (including shipping platforms) will be furnished to Shippers at Carrier's terminal for loading goods; the nature, density and dimensions of which are, in the judgment of the Carrier, suitable for containerization or loading to a shipping platform, or containers or platforms will be provided placement service to the Shipper's place of business for loading. Containers loaded by Shippers will be known as Shipper Load and Count (SL&C). Carrier reserves the right to load additional cargo into containers or on shipping platforms not loaded to full capacity. Containers must be emptied by Consignee at destination.

B. Shipper Load and Count containers and shipping platforms will be rated at containerload rates (CL), subject to minimum weights and charges noted herein.

C. Except as otherwise provided, containerload minimum weights named in this tariff refer to 20 foot containers or shipping platforms as described in Rule 470. When other than 20 foot units are loaded, containerload minimum weights shall be those shown in Rule 885 of this Tariff.

D. At Seattle, when shipments are loaded to single containers or platforms at Carrier's facility to full visible or legal capacity with shipments to one Consignee, the shipment will be charged for at applicable containerload minimums and rate, plus transfer charges per Rule 959.

E. Overflow: When a Shipper desires to load freight in excess of the quantity that can be loaded to one container or platform, each container loaded, except the last or overflow container, shall be charged for on the actual weight of the contents, but not less than the containerload (CL) minimum weight applicable to the shipment. Except when the last or overflow container is filled to legal or visible capacity (a container shall be deemed fully loaded when it is loaded to eighty (80%) percent of its usable floor or loading space, or when no more of the shipment in the shipping form tendered can be loaded in or on the container, consistent with safety, precaution against damage, or direction of the Shipper), or meets a container minimum less than the first container's minimum, then the last, or overflow container, shall be charged for on the actual weight of the contents and at the containerload (CL) rate applicable to the shipment. Overflow provision do not apply, on southbound shipments. Overflow containers must be booked as overflow and the bill of lading must be so noted.

F. When a Shipper loads to Carrier's equipment, the Carrier will not be directly or indirectly responsible for damages resulting from: (1) improper loading or mixing of articles in containers; (2) Shipper's use of unsuitable or inadequate dunnage when loading; (3) improper securing, blocking, strapping, or protective covering; or (4) any discrepancy in count or concealed damage to articles.

G. When a shipment contains freight of such nature that it will not fit in or on a container or platform, and the shipment otherwise meets containerload minimum weights named herein, the containerload rate provided will be charged subject to availability of suitable space on Carrier's vessel, and provided prior booking arrangements have been made.

H. Van Averaging: When two or more containers are shipped by one Consignor, loaded with freight named in one commodity or class rate, on one Bill of Lading, to one Consignee at one destination, the minimum containerload weight minimum requirements may be met by dividing total weight by the number of containers shipped. Van averaging provisions do not apply on southbound shipments.

I. When a Shipper or his agent requests placement of Carrier's container for Shipper Load and Count, and the container is not utilized, or canceled after such spot has been made, the Shipper is liable for the full prior for the truck placement.

J. A container shall be deemed fully loaded when it is loaded to eighty (80%) percent of its usable floor or loading space, or when no more of the shipment in the shipping form tendered can be loaded in or on the container, consistent with safety, precaution against damage, or direction of the Shipper.

Provisions herein, if effective, will not result in an effect on the quality of the human environment.

B. PROTECTIVE COVERING SERVICE: If shipment loaded to Carrier's shipping platform requires covering for protection from the elements, such covering will be the responsibility of the Shipper. Carrier will, however, provide such covering and subsequent securing when requested or required. Work will be performed at Carrier's terminal for a charge of $187.00 per 20 foot platform and $288.00 per 40 foot platform.

C. SECURING SERVICE: When the Shipper loads to Carrier's shipping platforms or containers, it will be the responsibility of the Shipper to metal strap or secure shipments in a manner approved by the Carrier. If Shipper does not, in the opinion of the Carrier, properly secure the cargo to the Carrier's shipping platform, or if the Carrier is requested by the Shipper to perform this service, the carrier will provide the necessary material and labor at a charge of $153.00 per 20 foot platform and $255.00 per 40 foot platform.

NOTE 1: Carrier will load freight in a manner which will utilize vehicle or container weight and space capacity to the greatest extent possible, but Carrier will not be responsible for the inability to meet any specified minimum weight.

NOTE 2: Rates named herein apply only when cargo is suitable for mechanical handling. Cargo has shifted in railcars, or which requires labor in addition to the machine operator, will be charged on a time a materials basis.

NOTE 3: Charges listed in this Rule, Paragraph A, are subject to a minimum charge of $148.00 per platform, $287.00 per 20 foot container, and $529.00 per 40 foot container. Minimum charges apply on full loads only.

NOTE 4: Transfer charges, protective charges and securing charges listed in this Rule will be assessed a 50% surcharge when the article being transferred, protected or secured is subject to any of the surcharges or penalties listed in Rule 670 of this Tariff. The 50% surcharge shall be applied to the rate of charge which is to be assessed for transfer, protection or securing the cargo.

VALUATION — 970

Where the rate is dependent on value, Shippers are required to state specifically in writing, on the Bill of Lading, the agreed or declared value of the shipment. Such statement must be signed by the Shipper.

WEIGHING AND WEIGHTS — 990

All pieces or packages arriving at Carrier's terminal without certified weights will be subject to weighing on Carrier's or agent's scale. The cost for such service will be (D) $4.00 per shipment.

SECTION 2 - COMMODITY RATES
(Rates Are in Cents Per 100 Pounds, Except as Noted)

	Item No.
VEHICLES, as described below: (Continued)	
NOTE 2: In addition to charge per square foot, units exceeding 30,000 pounds each shall be assessed (D) 1051 cents per CWT on the weight of each unit in excess of 30,000 pounds.	2350
NOTE 3: New units and used units may contain only original factory installed furniture and/or appliances. All other material or freight must be shipped separate and will be rated per the applicable rate items in this Tariff.	
NOTE 4: New or used units exceeding 14' in width and/or 72' in length, will be rated at the applicable square foot rate, plus Note 2, if applicable, plus 10%.	
NOTE 5: Units without wheels:	
A. The cost of shifting units without wheels to or from the vessel's hook is the responsibility of the unit's owner as directed by the Carrier. In Seattle, the owner may supply his own wheels, or Carrier will arrange for wheels and advance the costs thereof against the shipment.	
B. At destination ports, all arrangements for wheels must be made by the unit's owner. Owner must remove units immediately upon discharge from the vessel. Delay or standby time will be charged for at (D) $712.00 per hour or fraction thereof.	
C. "Crib" designed pedestal stands must be constructed of 2" x 4" lumber. Plywood stands must not be used. Carrier will transport stands for each unit at no charge.	
NOTE 6: All units must be prepaid, except that credit may be extended for a period of seven (7) days, provided arrangements for such credit have been made in advance, in writing, and such arrangements have been confirmed by the Carrier in writing. Bookings must be accompanied with a nonrefundable cash deposit representing 50% of the freight charge for each unit booked.	
NOTE 7: The square footage of each unit shall be determined by measuring the overall width (including eaves) and the overall length (including eaves and the towing hitch).	
NOTE 8: Rates do not include wharfage in Alaska.	
NOTE 9: Units received with plastic covered outside walls will not be accepted unless openings are securely covered first with plywood or similar substantial material. The Carrier will accept house trailers and modulars for shipment only after the following special protection has been performed on each unit.	
A. Plywood shields placed over all windows; B. 2 x 4 stringers attached along the length of the roof line; C. 2 x 4 stringers nailed to ends of shingle roofs; D. Undercarriage of unit reinforced with steel cross members.	
The Carrier will not be responsible for interior or water damage caused by ocean transport or insufficient packaging.	
NOTE 10: Rates apply between Samson Marine Freightways' Seattle and Alaska terminals only.	
NOTE 11: The Consignee has 48 hours after time of discharge in which to take possession of the described freight. After that period, Carrier will not be liable for any loss or damage not directly caused by Carrier.	
NOTE 12: Used units will be transported provided the Shipper signs a release valuation on the bill of lading not to exceed ten cents (10¢) per pound.

		Kodiak Island	Dutch Harbor	King Cove	Adak	
NOTE 3: Adak rules are not subject to marine insurance shown in Rule 575.						
NOTE 4: Freight charges will be assessed on net weight of shipments tendered in lift vans or overseas boxes. Shipper must specify weight per van or box and the weights of the lift vans or overseas boxes may be deducted from the gross weight of the shipments, up to 380 pounds. Weights in excess of 380 pounds each will be charged for at applicable rates, as provided in this Rate Item. This allowance does not apply on LCL shipments. Full containerloads must still meet or pay for container minimums shown in this Item.						4210 Concl.
NOTE 5: KD lift vans, wooden, may move in mixed shipments with commodities named herein, provided that the minimum weights in this Item are met in full or paid for in full by commodities named herein. Once these requirements have been met, KD lift vans will be rated at a charge of (D) $28.00 per hundred pounds.						
NOTE 7: Packing Materials, Viz: Blankets; boxes; fiberboard, KD; dunnage; rubber inflatable; pads or padding, packing or shipping; paper, wrapping; tape; and tags may move in mixed shipments with commodities named herein, loaded in the same container, provided that the minimum weights in this Item are met in full or paid for in full by commodities named herein. Once these requirements have been met, the packing materials named in this NOTE will be rated at a charge of (D) $57.00 per hundred pounds.						
NOTE 7: When 40 foot dry containers are loaded to move from Adak to Seattle a container minimum of 16,000 lbs will be applicable in place of the container minimum shown in Rule 885.
